Charlie,

Here are the contracts for Nexus, Proval, AS2 Solutions and WTH. I can't seem to locate the PVD contract. As soon as I find it I will send it to you. We just received a document management program and will get that contract to you also. Let me know if you need anything else.

I've been expecting our budget order and tax rates any day. Would you update me on where Jasper County stands? I received a letter from your department early this week stating my deadline to be compliant for my 06 pay 07 tax year is Monday, October 15th. How can this happen if I don't have my rates? Thanks.

Donya Jordan

Auditor of Jasper County
